

# SUPERWEEK

## 10-17 JULY 2025

FOCUS ON GRADING TECHNIQUES

**Sunyata Aikido Dojo Heggedal invites to a full week of Aikido training with Mouliko Halén 7dan.**

5 sessions per day, all together 37 sessions. 20 min on each session with focus on grading techniques (can vary slightly).

We want the participants to attain the full week if possible, for group dynamics. This is an opportunity to experience an Uchideshi week (live in the Dojo, practice together and have a good time).

Free accommodation in the Dojo. We encourage people to create a food-sharing program and cook together.

Limited to max 16 participants to ensure a personal experience and good follow-up. First come, first served.
